- ❖ There have been a lot of takeaways so far and it appears the VMS has prepared a very comprehensive and easy-to-use resource to facilitate discussion and peer-learning in many anti-racism areas.
  - ❖ The content is great. The suggested reading and viewing material is wonderful.
  - ❖ Thank you very much for a thoughtful and well researched tool for anti-racism. I also reviewed, "Session: One Race, The Human Family" and thought it was excellent. I personally learned a lot from the parts I reviewed.
  - ❖ I am very impressed with the content of these workshops. I am excited at the thought of them being given to a wide range of participants from all kinds of backgrounds, community and work groups, schools and places of further education, places of worship. Thank you to everyone involved in putting together these resources. There is no "shame and blame" involved but rather serious, concrete resources and then the small discussions invoking reflections and actions... Congratulations to everyone involved.
  - ❖ I myself feel more positive in learning about different areas as I feel more competent in my understanding. I feel it is through education and compassionate action that we can move forward as a society in a positive way in building bridges between us all. As stated in the video about Chinese Head Tax, it is up to us to own our history and to own the future in making a better society for all.
  - ❖ I appreciate the opportunity to be part of this. I was shocked to find out the degree of racism in Canada re: the Blacks, the Chinese, the Japanese, the Sikhs of course our indigenous population as well as the ongoing Islamophobia. We have a long way to go.
  - ❖ Thank you for doing this. It was a rewarding experience for me. I did learn a lot.
  - ❖ Thank you for this. It has been an honour and a privilege to learn so much and I am certain this tool will go a long way in educating people and bridging the gap between new immigrants and Indigenous communities. Thank you.
